

# FACT SHEET

## PROJECT STATUS

Street resurfacing will begin in May 2021 and is anticipated to be complete by September 2021.

The annual paving program, selection of contractor was approved by the City Council on March 24, 2021.

## PROJECT BUDGET

The construction contract for this year's paving program was awarded to Eagle Paving Company in an amount not to exceed \$2,485,683. Funding for the program is provided through Transnet, Highway Users Tax Account and the City's General Fund.

## PROJECT LOCATION

A complete list of the streets included in this year's program is found on page 2 of this document.

## CONTACT US

For questions or concerns about the project, please contact Project Helpline: 760-260-8077

# Annual Paving Program

## Maintaining quality transportation infrastructure for Encinitas

## ABOUT THE PROJECT

In May 2021, the City will begin resurfacing streets throughout Encinitas as part of the annual paving program. Each year, the City's Engineering team uses a software program to analyze Encinitas' 168 miles of streets to identify which ones need to be resurfaced. The streets are selected based on age, condition and greatest need. A complete list of the streets included in this year's program is available on the following page in this document.

Street resurfacing will require temporary lane reductions and road closures during construction. The City and its contractor will work to minimize any impacts or inconvenience to the public and maintain access to homes and businesses throughout construction. Businesses and residents near the affected streets will be notified through signage and updates on the City website and social media channels.

The annual paving program is part of the City's ongoing commitment to maintaining quality transportation infrastructure through consistent maintenance, as outlined in the City's Strategic Plan.
